

Together for a healthy summer

COVID-19 tests in LAAX

Dear guests

For your well-being and safety, we offer COVID-19 test packages on demand. These are saliva sample PCR tests: gargle with a sodium chloride solution to collect the sample. No nose/throat swab or medical personnel is required. You can perform the test yourself in your accommodation.

Procedure of the test

At the test centre you will receive a test kit with instructions as well as a form. In your accommodation you can perform the test according to the instructions and fill out the form. Important: Perform the test directly in the morning after getting up. Do not drink or eat anything beforehand. Afterwards, return both the test and the form to the test centre, where the test will be checked, packaged and sent to the laboratory for evaluation. If the sample is handed in by 9am, the result will be issued on the same day. Otherwise it will be issued the following day.

Test centres:

Flims, lift ticket office, base station

Mon-Sun: 8.45am – 5pm

Laax, railway information, Original
